

# How to Draw a Bird

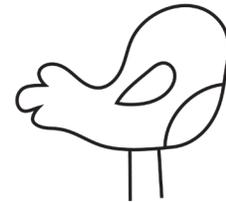

Children and adults of all ages can learn how to draw these fun, adorable birds. Our step-by-step guide is easy to follow.

**Learn how to draw a bird!**

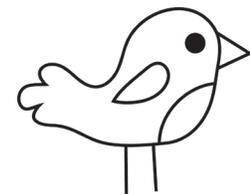

**Step 1:** Start by drawing the bird's body. Make a wider head to the right and a narrow tail lower on the left. Make three loops on the left to show tail feathers. Add two straight lines for legs.

**Step 2:** Draw a half circle on the inside bottom right of the body. Add an upside-down teardrop shape for a wing.

**Step 3:** Add a black dot for an eye and a triangle for the beak.

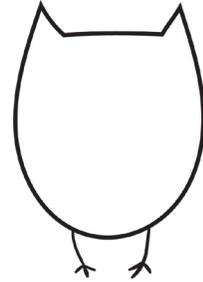

**Step 4:** Draw a swirl on top of the head for a feather. Finish with little dots on the bottom half circle.

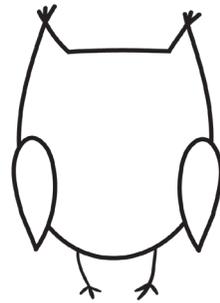

# Learn how to draw an owl!

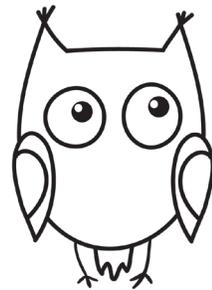

**Step 1:** Draw the owl body and add two legs with an extra line on each side for the toes.

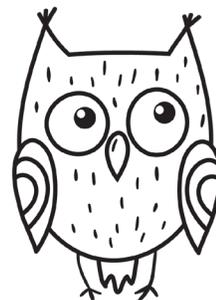

**Step 2:** Add feathers on each side of the body, and add tufts to the top of each ear.

**Step 3:** Draw circles for the eyes, with small circles in each. Fill in part of each inner circle, but leave a white spot as shown. Add a tail and another layer to each side feather.

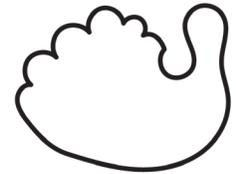

**Step 4:** Add a beak, another layer to the side feathers, and short dashes around the body to symbolize feathers. Color and enjoy!

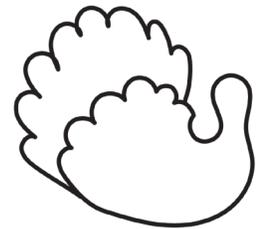

# Learn how to draw a turkey!

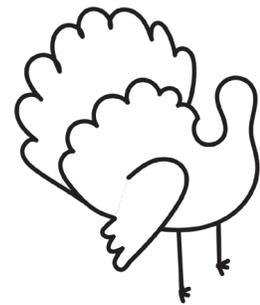

**Step 1:** Draw a turkey body. Be sure to make the neck tall and long, and add small “waves” for the first layer of feathers.

**Step 2:** Add a second layer of feathers. Draw them taller and wider than the first.

**Step 3:** Draw two legs and feet (three small lines). Add a side wing and feathers to the turkey.

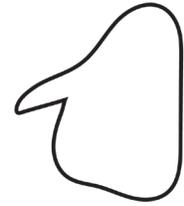

**Step 4:** Add a final layer of back feathers in front of the first, with small circles. Draw a beak, eye, and wattle (below the beak) on your turkey. Finally, add a wavy line at the bottom of the neck to represent the turkey's caruncles.

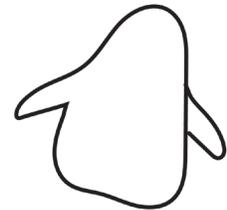

# Learn how to draw a penguin!

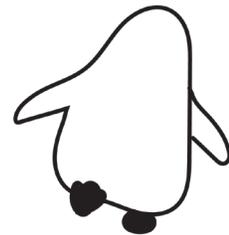

**Step 1:** Draw your penguin body with one flipper on the left. Make the body wider at the bottom and narrower on top.

**Step 2:** Add a second flipper to the right side.

**Step 3:** Draw two feet and color them black. Make the left one stick out by adding a webbed effect.

**Step 4:** Draw and color the crown, adding eyes and leaving a white spot for a nose. Some penguins have spots or stripes, so add those if you want!
